ABOUT US

The "Thames River Anglers Association"

The TRAA works at a Grassroots Level Within the Thames River Watershed to:

- Protect, enhance and regenerate a viable, multispecies, year round fishery.
- Promote and participate in environmental cleanup, pollution control and rehabilitation.
- Breed, relocate and stock to reestablish or augment appropriate species of fish.
- Promote environmentally sound sport fishing practices.
- Form partnerships with community businesses, government agencies, special interest groups, landowners, and other stakeholders in the Thames River watershed.
- Increase public awareness of the unique diversity of the Thames River Watershed, its challenges, its recreational opportunities and its vital importance to our community

More About The TRAA

In 1986 the TRAA was established by anglers concerned with the state of the fishery in the Thames River watershed, particularly the dwindling smallmouth bass population in the North Thames River.

The TRAA is not a fishing club, although most members are anglers and share fishing as a common interest. We are a volunteer "hands on" environmental group.

Governed by a formal constitution and by-laws. An elected Executive, with the guidance of the General Membership, sets the policies and direction for the TRAA.

The TRAA has a history of always having a core group of active members supported by those who just want to be part of the solution. Either way, every member of the TRAA is active in their advocacy for the health of the Thames River watershed and its inhabitants.

"Hands-on Environmentalism" is what we do ...

This is what sets the TRAA apart from other clubs and organizations. You'll find us right in the water clearing obstructions from streams, measuring returning salmonids & taking scale samples for DNA analysis, education through trout hatchery tours & stream walks, being a voice for the Thames River watershed & its inhabitants and the list goes on.

Proud supporter of local schools and community. We are always happy to educate the community of our delicate ecosystem and the efforts we take in order to preserve it.

MEET INFORMATION

Guests are Welcome

Come and talk to us at a TRAA General Meeting.

The TRAA meets once a month on the second Wednesday. Meetings start by 7:00pm sharp. Best to get there early. The venue is the Western Ontario Fish & Game Protective Association's clubhouse.

Meet Address:
790 Southdale Road East
London, Ontario.

Note:
We occasionally have off-site meetings. Check our website for posted notices.

Links

Conservation

Carolinian Canada
Carolinian Canada's diverse network advances a strategic 'Big Picture' vision for healthy landscapes and a green future in Canada's deep south.

Friends of the Thames/Thames River Cleanup
Friends of the Thames have been organising and promoting the Annual Thames River Cleanup every spring for the past 14 years. Environmentally concerned volunteers, landowners, clubs, organizations and municipalities have come together during Earth week to help clean up portions of the Thames River watershed areas. Check out their Contacts page to find out who or what organization is cleaning up your favourite section of the Thames River.

Nature London
Nature London undertakes a variety of projects to promote environmental awareness, enhance habitat and protect natural areas. MFN members participate in the Christmas Bird Count, the annual Butterfly Count and other initiatives which encourage the study of local natural history.

North Shore Steelhead Association
The primary concern of the founding members was the protection and enhancement of the north shore migratory Rainbow Trout (Steelhead) fishery, but their foresight led to the inclusion of all coldwater species in our constitution. This, by default, includes all species that use Lake Superior tributaries in their life cycle.

Ontario Streams
To promote the protection and rehabilitation of Ontario's rivers and streams through education and community action.

Ontario Federation of Anglers and Hunters
You may think you know who they are and what they do, but check the site, you may be surprised!

Trout Unlimited Canada
To conserve, protect and restore Canada's freshwater resources and their watersheds for current and future generations.

Fishing and Related Links

Ian Colin James

This late great great friend of the Thames River and the TRAA was a Fly Fisherman, Tyer, Guide, Instructor, Author, College Prof., Artist, Raconteur, and Man About Town.

Western Ontario Fish & Game Protective Association

Quite likely the oldest and still one of the most viable conservation clubs in the London area. It's also where the TRAA holds their meetings.

Forest City Fly Fishing Club

Learn everything about all things fly fishing. Also great friends and supporters of the TRAA.

Forest City Bassmasters

Activities include hosting fishing tournaments, guest speakers and events, and conservation activities with a focus on fun, friendship, learning and friendly competition.

Real-Time Hydrometric Data

Explore real-time river levels and flows (discharges) before you plan your fishing or canoe/kayak trip.

Match Angling Club of Ontario

An interesting site with lots of info' on match angling, a growing aspect of our sport in North America.

SOTTO Fly Fishing Club

This club organizes a series of fun fly fishing competitions across Ontario, one of which is the Thames River Open.

Thames River Paddling Routes

The aim of this website is to create a single source for accessing information for paddling the Thames River.
